INDEX TO VOLUME XV, 1944

The Index to Volume XV of *California Schools* has been made in brief form as a part of the December issue. The editors have listed only the most important items in the section "For Your Information," and by a system of cross indexing have reduced the listing of separate items to a minimum. Reference to digests of interpretations of the school law appear in the Index under "Legal Interpretations," and the various items are not cited in the general index. The abbreviations SC, AC, and AGO have been used in the legal section to show that the item is a digest of a decision of the Supreme Court, the Appellate Court, or of an opinion of the Attorney General.

The first number after each item in the Index refers to the number of the issue of *California Schools* where it may be found, and the second cites the page on which the item appears. A comma separates the number of the issue and the page reference; a semicolon separates references to the same subject.
